

『 JEWELRY 125 Contemporary Japanese Designers』 ART BOX Mook Vol.2

At the end of June, Art Box international published "JEWELRY 125 Contemporary Japanese Designers", volume n. 2 of the recently launched ART BOX mook series.

This book introduces the work and the words of 125 Japanese jewelry designers, from rising to successful artists. From high jewelry using precious material to art and costume jewelry using glass, wood, leather or fabric, "JEWELRY 125 Contemporary Japanese Designers" offers a comprehensive overview of the techniques and open new perspectives to this art that combines fashion, craft, design and sculpture. Eye-filling and glamorous, jewelry, that takes women's heart, also began to take roots in men's mind as a fashion item, and became a daily way of expression of one's identity, and many jewelry artists leave a part of themselves in the "miniature cosmos" they create.

As a panorama of the Japanese jewelry art, this book will offer a space of encounter between the reader who took it from the shelf and the artists.
