

『Sculpture and Three-dimensional Art』 release and exhibition

Subject: At the beginning of November, Art Box will publish
"Sculpture and Three-dimensional Art"

Distributed nation-wide

"Sculpture and Three-dimensional Art" is an index type book featuring a hundred artists using various techniques and materials in the fields of sculpture, environmental art and installation. In addition to quality images of stone or woodcarving, dry lacquer, bronze, gold, ceramic, glass, of large-scale outdoor sculptures or sensorial experiences orientated installations, each artist, through a short commentary, introduces his or her style and concept. The cross-genre pieces that do not fit into the traditional notion of sculpture, spread a glittering light even in the field of contemporary art

"Sculpture and Three-dimensional Art" is a collection book representative of the various ways of expression in the contemporary Japanese sculptural scene, and this on-paper gallery will certainly stimulate the readers' esthetic senses and intellect.

To celebrate the release of the book, the exhibition "Sculpture and Three-dimensional Art" will be held in Art Box Gallery over four weeks.
